R E P O R T

OF THE

COMMITTEE OF EVERGREEN CEMETERY.

SINCE the last report of the Committee in 1860, twenty lots have been prepared and sold, for which the additional sum of three hundred dollars has been collected and paid into the Treasury, making in all one hundred and thirty-six lots sold.

A strip of land designed for public use has been dug over and prepared for interments, and a grave can now be dug in a much smaller space, and at less expense than heretofore.

The avenues and borders have been kept in good condition, and in many respects very much improved, but there are other and important improvements needed.

A large rock or ledge which crosses the Eastern Avenue, half way in the Cemetery, preventing a large number of lots sold from draining, ought to be removed, for which purpose an appropriation should be made.

Several monuments and fences of iron or stone have been added since 1860, and a large proportion of the lots where interments have been made are kept in good condition, but there are other lots very much or entirely neglected, to the mortification of the owners of adjoining lots, to visitors, as well as the Committee.

There are still some twelve lots purchased at the first sale in 1850, which remain precisely as when purchased, and have no bound-marks. The Committee suggest whether the Town ought not to cause the owners of these lots to comply with the *important regulation* adopted by the Town, by placing bound-marks of iron or stone at the corners, or surrender the lot to the Town.

Five lots have been dug over, filled, and graded, and remain unsold. There are also twenty-three stub-stones unsold.

In conclusion, the Committee have to say that there is a visible, growing interest in the Cemetery, and the visitors are many,

strangers as well as our own citizens. The Committee confidently trust that this *sacred spot*, which can be made so beautiful, and is to be the last resting-place of so many of its inhabitants, will continue to receive the liberal and fostering care of the Town.

CHARLES HEARD.

BENJ. F. PEIRCE.
